

Noel and Julia Fernance had a dream to manufacture a camper trailer with a simple concept that included all the essentials. In 1985 Noel and Julia's dream became reality when *Aussie Swag Campers* was born, and since 1987 they have been designing and manufacturing their camper trailers in Brisbane, Australia. In 1988, one of their two sons, James joined the business and plays an integral role in all aspects of *Aussie Swag*. James' wife, Sue joined the business in 2004, and Noel and Julia's eldest son, Scott also joined this long established family business in 2006.

Evolution

"Aussie Swag Campers are built top to bottom to the highest standards by hand in our Brisbane factory and are designed based on principles learnt through 25 years of manufacture, use, abuse and travel around this captivating country."
